★★★★★

"I have been working with them for six months, and since then, I have only seen my book sales improve. When I came across Digital Melons, I had already lost all hope for my book. It was their marketing consultants who showed me a way out. Thank you, Digital Melons, for making my book sell!"

amazon

★★★★★

"I tried hard to understand Amazon and its publishing process, but I was unable to get my book published. Sometimes it was the cover. Other times it was the formatting. Finally, I decided to get it done by professionals and contacted Digital Melons. I am glad that I chose them. Highly recommended!"
